

Classical Homeopathy & Life Coaching, Energy Healings & Chakra Restorations with Renee Blanchardt

Classical Homeopath, Naturopath, Massage Therapist, Reiki Master and Healer

Renee (ND, Bsc, Adv. Dip HSc, DRMTh) works primarily with energy and emotion. If you follow this closely it will always lead to the root cause of imbalance. All disease originates in the mind via perception, and then it manifests on the physical level. If the imbalance is on the mental/emotional level then the cure must be as well. Energy does not expire, it simply changes form.

Graduating in Australia with a double health science degree, Renee has 18 years of experience in Europe, Asia and Australia having worked with Members of Parliament, Royalty, The Spanish Riding School, dressage and race horses as well as volunteering in developing countries. Renee is a public speaker, published author, and has been featured in the media internationally.

Renee performs the following three services;

Classical Homeopathy & Life Coaching

After the cause of the imbalance is established a medicine derived from nature is given to gently stimulate the body's own healing response to overcome and restore balance quickly, gently and with lasting benefits. Excellent results are seen with depression, panic attacks, high blood pressure, anxiety, pains without pathology, cancer, and many other presentations.
