

HEALING JOURNEYS WITH VIRGINIE CLARET

The Healing Touch Experience

50/80 minutes

The physical body is a complex energy network and health is optimal when the CHI-life energy is free flowing throughout the body. Acting on the physiological systems and organs of the body, this session dissolves the knots, restores the flow and brings your body back into a state of harmony.

Beneficial in case of injuries, illness, stress, emotional issues and any physiological malfunctions or nervous system disorders.

The Oracle Experience

80 minutes

This session is a multidimensional energy cleansing and a multidimensional exploration of the self. Virginie accesses and travels through the multiple dimensions to bring back the information the person needs at this point in time. A transmission of energy follows to clear and rebalance the person on all levels.

The oracle experience can break deeply ingrained patterns and functioning, bring clarity and understanding on one's challenges and life journey and restore one's being into wholeness, full power and freedom.

What clients say...

I met Virginie at the Ananda Spa in the Himalayas. I have never had any healing experience before - the session with Virginie was quite incredible! I could feel the flow of energy through my body while she worked. She could see into my soul - I felt recognised and acknowledged by her words and wisdom which have given me increased confidence in my path and my strengths. I felt joyous, energised and extremely peaceful after the session, something other people could immediately see. I wish I could share her gift with so many other people I know!
